

ILAKKIA DHARUN A

Python Developer | Front-End Developer

Bengaluru, Karnataka | 9342595218 | ilakkiadharun07@gmail.com

LinkedIn: <https://www.linkedin.com/in/ilakkia-dharun-a-678851372>

GitHub: <https://github.com/ilakkiadharun07-svg>

PROFESSIONAL SUMMARY

B.Tech Information Technology graduate (2026, CGPA 9.2/10) with hands-on experience in Python programming, Object-Oriented Programming (OOP), Data Structures, Oracle SQL, and front-end development using HTML, CSS, and JavaScript. Built a real-time Computer Vision application (Driver Drowsiness Detection System) using Python and OpenCV, and delivered a responsive personal portfolio website. Completed a full-stack development internship and a structured Python Full Stack Developer training program covering Python and Oracle SQL. Seeking an entry-level Python Developer or Front-End Developer role to apply strong problem-solving and web development skills.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, SQL (Oracle SQL)
- **Web Development:** HTML, CSS, JavaScript, Responsive Web Design
- **Computer Vision:** OpenCV, Real-Time Image Processing
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures, Problem Solving
- **Tools & Platforms:** GitHub, GitHub Pages, VS Code

PROFESSIONAL EXPERIENCE

Full Stack Development Intern — Netgene Technologies | February 2025 – March 2025

- Undertook a 1-month, 20–25 hrs/week mentor-led internship covering 3 core front-end topics: HTML, CSS, and JavaScript.
- Finished 8 guided coding exercises and hands-on tasks under mentor supervision to reinforce core concepts.

PROJECTS

Driver Drowsiness Detection System (Python, OpenCV, Computer Vision)

GitHub: https://github.com/ilakkiadharun07-svg/Drowsiness_Detection

- Built a real-time driver drowsiness detection system in Python, processing live webcam video to monitor driver alertness.
- Implemented OpenCV-based computer vision techniques to detect eye closure and trigger an audio alert within 2 to 5 seconds, reducing potential accident risk from driver fatigue.
- Tuned detection thresholds to reduce false positives, improving reliability of real-time alerts.

Personal Portfolio Website (HTML, CSS, JavaScript)

Live Site: <https://ilakkiadharun07-svg.github.io/portfolio>

- Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript, optimized for desktop and mobile.
- Showcased projects, technical skills, and certifications, structured to improve recruiter engagement and readability.
- Deployed and hosted the site on GitHub Pages, maintaining version control through Git/GitHub.

EDUCATION

- **Bachelor of Technology (B.Tech), Information Technology** — Loyola Institute of Technology (2022–2026), CGPA: 9.2/10
- **Higher Secondary Certificate (HSC)** — St. Arulanandar Higher Secondary School, Oriyur (2022), 83.8%
- **Secondary School Leaving Certificate (SSLC)** — St. Arulanandar Higher Secondary School, Oriyur (2020), 92%

CERTIFICATIONS

- Web Development Internship — CodSoft (2025)
- Full Stack Development Internship Certificate — Netgene Technologies (2025)
- Python Full Stack Developer Training — QSpiders (Python, Oracle SQL, Web Development)
- NCC 'A' Certificate — National Cadet Corps (2019)

LANGUAGES

English, Tamil
